

Vale
Bridgecraft
THE ART OF THE CRAFT

Visit our Show Centre

Our Vale Bridgecraft show centre is unlike other retail outlets because we provide a relaxing, unpressured environment, where, after enjoying a cup of tea, you can spend as long as you need, trying all the sofas and chairs, ensuring that you select the most comfortable option.

Our wide range of designs are also available in different 'sits' and sizes and a choice of cushion filling. All these options can be considered in the Show Centre whilst our expert advisors guide you through the process.

Once you've selected your most comfortable and stylish choice of sofas and chairs you can then make the upholstery fabric choice. In our show centre we provide thousands of fabric options, many of which are exclusive to us, and all having passed strenuous rub tests for domestic use. The beautiful fabrics range from stunning linens, velvets and chenille's in every shade, through heritage stripes and patterns to woven brocades in the most luxurious finishes.

Vale Bridgecraft frames and springs carry a 25 year guarantee

We look forward to seeing you in our Mytholmroyd show centre soon. For our address and contact details see page 66.

Made with pride, made for comfort, made in Yorkshire

Vale Bridgecraft combined have been making exceptional sofas and chairs in West Yorkshire, for over 160 years. The area is famous for its skills in joinery and textiles and has a long established heritage in fine furniture making. Our village here in the Calder valley is surrounded by beautiful countryside, wooded dales and open moors, the culture and ambience of the place creating the perfect environment for the making of elegant, long-lasting furniture.

Made especially for you ...

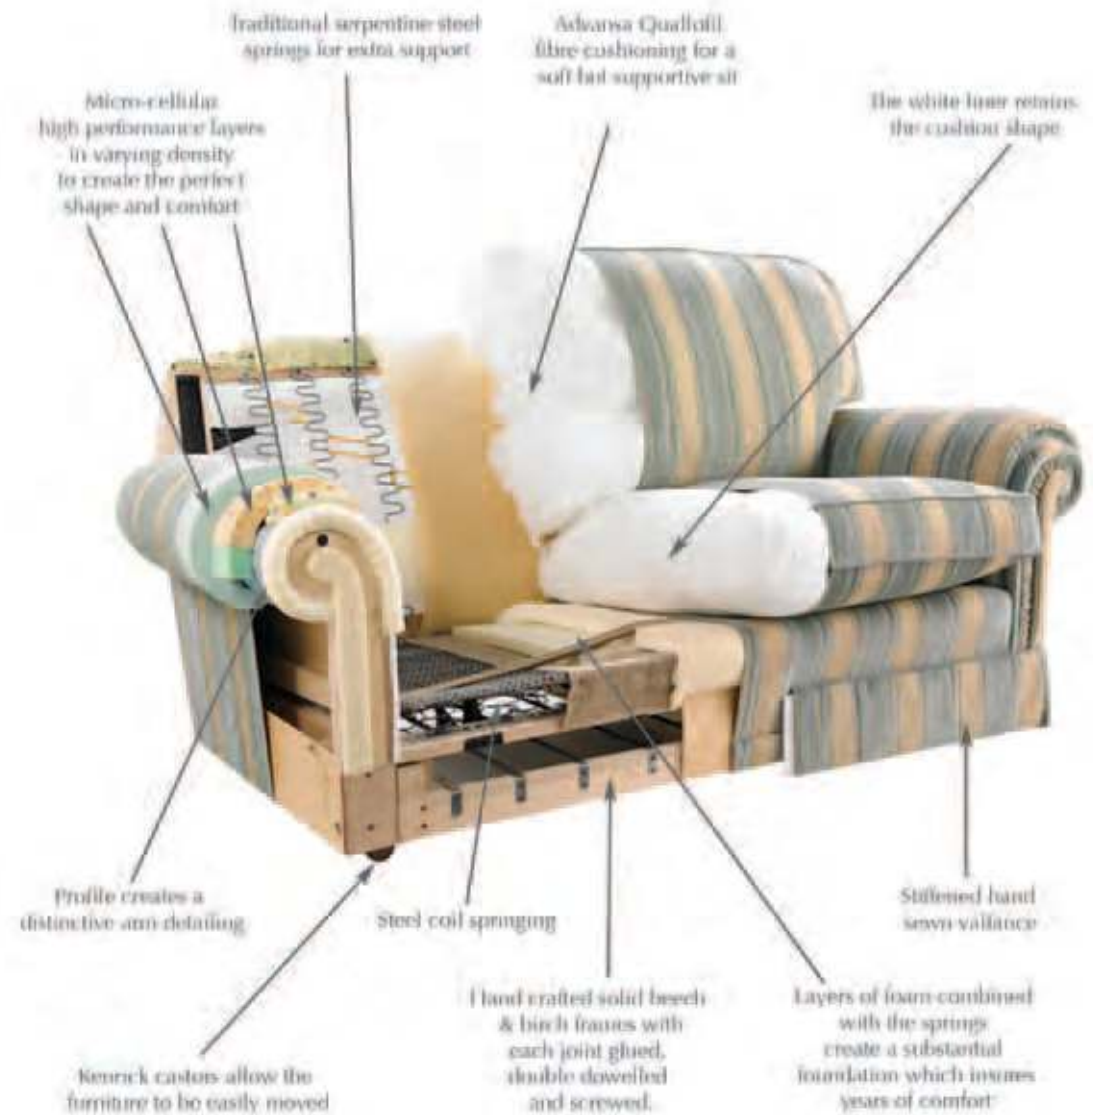

Every piece of furniture we make requires extensive hand-crafting and an expert attention to detail. Throughout the process traditional skills are used to ensure the level of enduring quality that is worthy of the Vale Bridgcraft name.

Inspired designs

All our furniture designs are original; entirely developed and created by us to offer a wide range of styles, encompassing both heritage charm and contemporary living. The guiding principle of our designers is furniture that makes a stunning impression but is always combined with absolute comfort. Getting this harmony just right reflects our "over a century's worth" of experience in great British furniture making.

Frames, springing and ideal support

The designs are brought to life through hand-built frames of solid beech and birch wood, sourced from FSC and PEFC managed forests. Generously, well-constructed frames, with double dowels and screws, provides the ideal foundation for the reinforced, full steel coil springing in the seat. It's this superior combination that lets us give all our furniture a 25 year frame and spring guarantee. With the springing in place we then use superior modern materials, including high-resilience foam and felts, to produce the form of each style. Cushions are made from either luxurious, soft fibre or ultra-durable foam, for supportive but relaxing comfort.

Exceptional fabrics...

Our fabric collections include literally thousands of choices, many of them produced exclusively for us by carefully chosen, specialist fabric makers from around the world. We offer unique designs in hundreds of colourways, patterns, textures and finishes. Choose from traditional, classic or contemporary looks to ideally suit your home and personal taste. You can browse the extensive selection at length in our Show Centre.

Made just for you

Within this brochure you will find almost all of our valuable ranges and a very representative guide to the many styles, detailed options and sizes (large, standard and petite) that we offer. The extensive and flexible combinations we can provide allow you to specify Vale Bridgecraft's superbly made furniture to suit your personal taste and preference to perfection.

...and an impeccable finish

All the covers of our furniture are fashioned and finished in our own sewing rooms, continuing a long tradition of expert seamstress skills to produce generous, reinforced seams and luxurious fitted covers. Time-served upholsterers fit the covers to the padded frames, slowly and with great care to best present the pleats, curves and ruched details that give Vale Bridgecraft furniture its distinctive appearance.

Haworth

The Haworth range offers timeless elegance crafted with meticulous attention to detail. Crafted with solid oak detachable legs and adorned with exquisite detailing options, including leather piping and buttons, adding a touch of luxury and refinement. There are three back styles to choose from - plain, plain with buttons or fluted with buttons.

Amalfi, Monza & Parma

The Amalfi and Monza's arms have double wrap padding for a sumptuous look and added comfort. In this example, piping highlights the fine detailing around the scroll arm, back and the cushions. There are deep skirted valances and the high buttoned back effectively supports the contours of the spine and lumbar region.

As with all our products, these durable chairs and sofas feature traditional quality construction inside and out and 'Reflex' foam seat cushions are supported by steel spring systems combined with sprung front edge – ensuring lasting comfort. The buttoned back design offers elegant and supportive comfort. The Amalfi range is available with a power or manual recliner action chair.

Our Recliner Ranges

Vale Bridgecraft's power recliners combine the best in recliner mechanisms with the latest technological advances in battery and motor design.

Designed to match with your suite, recliners incorporate the same quality build as all our furniture, featuring a 25 year frame guarantee with a 5 year guarantee on any mechanism.

Power Recliners

Designed for relaxing comfort and smart good looks.

The power recliner mechanisms available in all of Vale Bridgecraft recliners are 'zero wall' systems, allowing the recliners to be positioned very close to a wall, even when fully reclined. They are exceptionally smooth and have a quiet reclining operation, which is multi-positional and has an elevated footrest for better circulation and comfort. Specify either mains powered or battery powered chair, with a power pack, which allows total freedom when positioning the recliner, as it is free standing and does not require permanent connection to the mains electricity. The battery is recharged simply by plugging into the mains. A full charge of approximately 12 hours lasts for approximately one month with average use.

Power Recliners are available in the following ranges: Amalfi, Langfield Malvern, Roma, Seville, Sorrento and Tuscany.

Malvern Recliner Chair
Cover shown in: Dallas Sand

Manual Recliner

Our superb manual recliner is available in a number of our ranges.

With a wood effect handle, positioned comfortably within reach on the outside of the chair, the recliner can easily be activated into the television position. The chair can then be pushed into the fully reclined position by leaning backwards.

Available in the following ranges: Amalfi, Langfield, Malvern, Roma, Seville, Sorrento & Tuscany.

Vale Bridgecraft mechanisms and motors carry a 5 year guarantee

Riser Recliners to match our main ranges

Why not experience the convenience of a superb riser recliner to match your suite. Our chairs feature a sturdy Leggett and Platt action to lift the chair and allows you to step away with ease. This design also incorporates a multi-positional reclining mechanism.

The chair operates with a conveniently placed hand-set and is permanently charged by mains electricity. A battery operation is available optional.

Matching Riser Recliners are available in the following ranges: Amalfi, Langfield and Sorrento.

Amalfi Gents Riser Recliner with chaise seat

Exclusive Riser Recliners

Electronically operated riser recliners are of real benefit to those who may otherwise need help when rising from a chair. The sturdy, dual motor mechanism operates quietly and efficiently to help you to your feet with ease.

Harmony, Symphony and Rhapsody are available either mains operated or battery operated, which allows complete freedom when positioning the chair in the room and without trailing cables.

These chairs also benefit from a continuous seat pad and leg support which provides the ultimate in comfort when legs are raised.

Harmony Riser Recliner
Cover shown in: Tess 70

Multi positional operation helps with getting into and stepping out of the chair.

Our Riser Recliner exclusive styles

Harmony, Rhapsody and Symphony riser recliners, designed with high, soft backs these chairs offer great support and comfort. To complement the Harmony, Rhapsody and Symphony riser recliners we have attractive standard chairs and small 2 seater sofas.

Accessories

Should you require any of the accessories listed below please call us on 01422 885000.

Castor cups / Extra fabric / Scatter cushions / Arm protectors / Neck - Headrest
/ Spot Cleaning spray.

If, in the distant future, you would like to change the cloth or colour of your furniture, we offer a recover service. This service only applies to Vale Bridgcraft designs.

Caring for your furniture

Vale Bridgecraft use only the finest materials and manufacture to the highest quality standards. The finished furniture will retain its appearance if it is treated with care.

Please comply with the following hints and tips to ensure product longevity:

- **Ensure even use of the furniture by rotating** and turning all loose cushions and avoid sitting in the same places all the time. It may be necessary to adjust the seat cushion interiors from time to time if the fabric has rotated and is not fully aligned with the borders. Carefully undo the zip and adjust the foam interior accordingly.
- The back cushion interiors are filled with specially developed fibre. Remove all loose cushions from your sofa, shake and plump up the fibre to retain its volume and density, replace the cushions smoothing the cushion cover.
- Gently vacuum clean your furniture as dust deposits can cause fabric wear and colour fading.
- Sharp objects can pull or tear the fabric fibres and cause permanent damage.
- Excessive exposure to direct sunlight can cause colour fading.
- Fabrics with a pile characteristic may show a shading or creasing effect. This effect is also referred to as 'watermarking', 'pooling', 'tracking' or 'pile pressure', and is most noticeable on chenille and plain velvets. These areas of shading occur randomly and are irregular in shape and size. This is caused by the change in the angle of the pile and may be permanent. Whilst this may be accentuated by lighting or frequent use, it does not affect the quality or wear life of the fabric and is not a fault in manufacture.
- Dye transfer. Care should be taken, particularly on light coloured fabrics, as it is possible to get dye transfer from none dyefast clothing e.g. denim

Cleaning

- A dye for upholstery fabrics that is totally resistant to wet rubbing has not yet been developed. Therefore cleaning with soap or detergent and water should not be attempted. Damage will also be caused by water absorbing into the filling
- In the case of spillage, dry the fabric by dabbing it with an absorbent clean dry cloth.
- To remove spots or stains a reliable cleaning fluid can be used in accordance with the makers instructions.

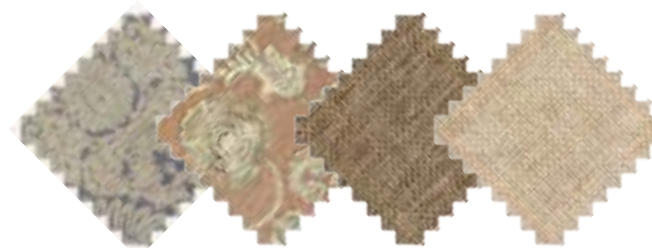

- After Sales Treatments: We are unable to accept responsibility for fabrics that are treated in any way other than in the original manufacturing process.

Fabric Lengths

Additional lengths of fabric are available with a minimum order of one metre. Please order through your stockist.

Fabric Samples

Fabric samples are available on request. Please note that because there may be slight variation in batches of dyes when producing fabric, Vale Bridgecraft cannot guarantee an exact match to the sample requested.

Call 01422 885000 to request samples or visit www.valebridgecraft.co.uk to see a range of fabrics that we offer and online ordering service.

Vale Bridgecraft frames and springs carry a 25 year guarantee

Our special strength is based upon our hand built frames created from solid beech and birch wood, sourced from FSC and PEFC managed forests. The strength of the frame is enhanced by our use of reinforced full steel coil springing in the seat, this build integrity enables us to provide a 25 Year Frame and Spring guarantee.

Show Centre

The Vale Bridgecraft Show Centre is unlike other retail outlet because it provides a relaxing, unpressured environment, where, after enjoying a cup of tea, you can spend as long as you need, trying all the sofas and chairs, ensuring that you select the most comfortable option.

You may place a retail order via our Show Centre and take advantage of our Show Centre based promotions. Our exclusive products are also available in selected furniture retailers nationwide.

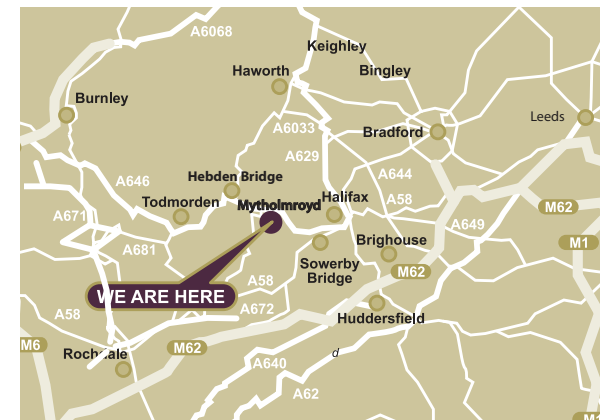

Please ring for opening times on bank holidays.
